Fellow Eclipse Enthusiast:

YOUR ECLIPSE GLASSES HAVE ARRIVED!

Here are your eclipse glasses! By using these eclipse glasses according to the Instructions and the Terms and Conditions, you will be able to view the Total Solar Eclipses of June 10, 2021; October 14, 2023; and April 8, 2024 enjoyably and safely!

- **Be sure to download, read, and keep a copy of the Instructions from the following links because you must read and follow them carefully to view the eclipse:**

See the Instructions:

(<https://www.eclipse2024.org/instructions/instructions.html>)

See the Terms and Conditions for Use:

(www.eclipse2024.org/instructions/tandc.htm)

In the event you decide to distribute any of these glasses to someone else, we need to remind you of your requirement to PROVIDE A COPY of the Instructions (available at the instructions link above) with EACH PAIR of glasses that you distribute. Thanks for understanding that this is an important *required* step, which will help ensure that the public views the eclipse SAFELY!
